

General Practice Forward View

East Lancashire
Position 2016

Current Position

- General Practice Forward View
 - Published April 2016, a plan with investment to stabilise and transform general practice
 - Investment, Workforce, Workload, Practice Infrastructure, Care Redesign

- EL CCG Primary Care Team work plan 2016-17
 - Extended Access, Workforce Development, Co-Commissioning, Quality Framework, Quality Review

Chapter 1: Investment

Accelerate funding of Primary Care

What are we doing?

- Quality Framework
- New models of Care
- STP Plan
- Vulnerable Practices
- Resilience programme
- PMS Premium review
- Grow non-medical workforce

What we need to do?

- Understand funding schemes detailed in Operational Planning Guidance
- Implement Carr-Hill formula once revised
- Pool BCF budgets

Chapter 2: Workforce

Expand and support GP & wider PC staff

What are we doing?

- Coordinated GP Training Placements
- Initiatives for recruitment, retention, return
- Bursaries
- Workforce Development Groups
- Workforce Development Plan
- Training for Nursing, Admin & Clerical
- Clinically led GP learning events
- Physician Associate placements
- Plans to integrate Community Pharmacy
- Clinical Pharmacists in practice
- Developing Community Navigators
- Practice Manager and Nurse Forums

What are we doing continued.....

- Education Hub for Student Nurses
- Leadership, Coaching and Mentoring for Nurses with HENW
- Utilise Practice Nurse development funds (CPD Apply/Flexible Cash)
- Implementing HEE education & Nursing standards incl. mentorship
- Development of GP networks, collaborations, federations

Chapter 2: Workforce

Expand and support GP & wider PC staff

What we need to do?

- Clinical Pharmacist for every practice
- Review provision of IAPT
- Pilot Medical Assistants and Physiotherapy services
- Care Navigation (*In development*)
- Practice Manager Development (*In development*)

Chapter 3: Workload

Reduce practice burdens & help release time

What are we doing?

- Quality Framework
- Weekly Commissioning Newsletter
- Bi-Monthly Practice Managers brief
- Patient Flow plans ie. Hubs, Social Prescribing, Minor Ailment
- Vulnerable and Non-Resilient practice support
- Scheduled Care contract changes
- Electronic prescriptions, clinical correspondence
- Social Prescribing investment and model
- Collaboration with CQC

What we need to do?

- Continue to support reduction in bureaucracy
- Support to implement 10 High Impact Changes including 'Making time in General Practice' appointment tool
- Support Long Term Conditions programme for self-care
- Roll-out recommendations for Outpatient Demand
- Support roll-out of frequent task software 17/18
- Ensure PC focus on joint Health and Wellbeing strategy

Chapter 4: Infrastructure

Develop the Primary Care estate & invest in technology

What are we doing?

- Local Estates Strategy
- New Model of Care for extra capacity
- Practice Transformational Support
- Digital Health Lancashire
- Estates and Technology Transformation Fund

What we need to do?

- Plan to spend increased 18% allocation for online consultation systems
- Implement GPIT budget requirements
- Access funding for subsidiary technology services
- Measure maturity of digital primary care

Chapter 5: Care Redesign

Provide a major programme of improvement support

What are we doing?

- Support implementation of 10 High Impact Changes
- Protected time for quality review and development through Quality Framework

What we need to do?

- Work with Pennine Lancs Transformation Board to implement new model for Primary Care (MCP)
